Caution regarding forward-looking statements

From time to time, MFC makes written and/or oral forward-looking statements, including in this presentation. In addition, our representatives may make forward-looking statements orally to analysts, investors, the media and others. All such statements are made pursuant to the “safe harbour” provisions of Canadian provincial securities laws and the U.S. Private Securities Litigation Reform Act of 1995.

The forward-looking statements in this presentation include, but are not limited to, statements with respect to the provision for estimated property and casualty reinsurance claims related to recent hurricanes affecting the Caribbean and the United States and the potential impact of proposed tax reform legislation in the United States. The forward-looking statements in this presentation also relate to, among other things, our objectives, goals, strategies, intentions, plans, beliefs, expectations and estimates, and can generally be identified by the use of words such as “may”, “will”, “could”, “should”, “would”, “likely”, “suspect”, “outlook”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “plan”, “forecast”, “objective”, “seek”, “aim”, “continue”, “goal”, “restore”, “embark” and “endeavour” (or the negative thereof) and words and expressions of similar import, and include statements concerning possible or assumed future results. Although we believe that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties, and undue reliance should not be placed on such statements and they should not be interpreted as confirming market or analysts’ expectations in any way.

Certain material factors or assumptions are applied in making forward-looking statements and actual results may differ materially from those expressed or implied in such statements. Important factors that could cause actual results to differ materially from expectations include but are not limited to: general business and economic conditions (including but not limited to the performance, volatility and correlation of equity markets, interest rates, credit and swap spreads, currency rates, investment losses and defaults, market liquidity and creditworthiness of guarantors, reinsurers and counterparties); changes in laws and regulations; changes in accounting standards applicable in any of the territories in which we operate; changes in regulatory capital requirements applicable in any of the territories in which we operate; our ability to execute strategic plans and changes to strategic plans; downgrades in our financial strength or credit ratings; our ability to maintain our reputation; impairments of goodwill or intangible assets or the establishment of provisions against future tax assets; the accuracy of estimates relating to morbidity, mortality and policyholder behaviour; the accuracy of other estimates used in applying accounting policies, actuarial methods and embedded value methods; our ability to implement effective hedging strategies and unforeseen consequences arising from such strategies; our ability to source appropriate assets to back our long-dated liabilities; level of competition and consolidation; our ability to market and distribute products through current and future distribution channels; unforeseen liabilities or asset impairments arising from acquisitions and dispositions of businesses; the realization of losses arising from the sale of investments classified as available-for-sale; our liquidity, including the availability of financing to satisfy existing financial liabilities on expected maturity dates when required; obligations to pledge additional collateral; the availability of letters of credit to provide capital management flexibility; accuracy of information received from counterparties and the ability of counterparties to meet their obligations; the availability, affordability and adequacy of reinsurance; legal and regulatory proceedings, including tax audits, tax litigation or similar proceedings; our ability to adapt products and services to the changing market; our ability to attract and retain key executives, employees and agents; the appropriate use and interpretation of complex models or deficiencies in models used; political, legal, operational and other risks associated with our non-North American operations; acquisitions and our ability to complete acquisitions including the availability of equity and debt financing for this purpose; environmental concerns; our ability to protect our intellectual property and exposure to claims of infringement; and our inability to withdraw cash from subsidiaries.

Additional information about material risk factors that could cause actual results to differ materially from expectations and about material factors or assumptions applied in making forward-looking statements may be found under “Risk Management”, “Risk Factors” and “Critical Accounting and Actuarial Policies” in the Management’s Discussion and Analysis in our most recent annual report, under “Risk Management and Risk Factors Update” and “Critical Accounting and Actuarial Policies” in the Management’s Discussion and Analysis in our most recent interim report, in the “Risk Management” note to consolidated financial statements in our most recent annual and interim reports and elsewhere in our filings with Canadian and U.S. securities regulators. The forward-looking statements in this presentation are, unless otherwise indicated, stated as of the date hereof and are presented for the purpose of assisting investors and others in understanding our financial position and results of operations, our future operations, as well as our objectives and strategic priorities, and may not be appropriate for other purposes. We do not undertake to update any forward-looking statements, except as required by law.

Solid core earnings driven by strong investment-related experience and improved operating results across our businesses

Core earnings

(C\$ millions)

3Q17 core earnings of \$1,085 million, up 9% vs. 3Q16:

- + Favourable tax benefits
- + Core investment gains
- + Lower equity hedging costs
- + Strong new business and in-force growth in Asia
- + Higher fee income from our Wealth and Asset Management (“WAM”) businesses
- Strengthening of the Canadian dollar
- P&C claims provision for hurricanes

Net income attributed to shareholders

(C\$ millions)

3Q17 net income of \$1,105 million, in line with 3Q16:

- Lower investment-related experience gains
- Direct impact of markets
- + Growth in core earnings
- + Neutral annual actuarial review compared to prior year charges

Neutral impact of the annual actuarial review

Common Shareholders' Net Income	1,083	1,066
<i>Currency Adjusted Expected Profit on In-force</i>	<i>1,286</i>	<i>1,411</i>

- **Expected Profit on In-Force** increased by 10%² primarily due to higher fee income in our WAM businesses from higher assets under management, in-force growth in Asia, the increase in interest rates and lower amortization of deferred acquisition costs in our U.S. VA business
- **Impact of New Business** reflects strong insurance volumes in Asia
- **Experience Gains/(Losses)** reflects the favourable impact of investment-related experience, more than offset by the \$240 million (pre-tax and post-tax) P&C hurricane provision, and other policyholder experience charges of \$68 million pre-tax (\$48 million post-tax)
- **Management Actions & Changes in Assumptions** includes charges of \$141 million pre-tax (\$2 million post-tax) for the annual actuarial review, realized losses on available-for-sale bonds, the expected cost of macro equity hedging and integration costs
- **Earnings on Surplus Funds** reflects pre-tax gains of \$164 million included in core earnings and \$34 million outside of core earnings. The increase versus the prior year primarily relates to higher gains on available-for-sale equities
- **Other** largely reflects the impact of non-controlling interests in Asia
- **Income Taxes** reflect the variability of distribution of income by jurisdiction and favourable tax items

¹ The Source of Earnings (SOE) analysis is prepared following OSFI regulatory guidelines and draft guidelines of the Canadian Institute of Actuaries. The SOE is used to identify the primary sources of gains or losses in each reporting period. Per OSFI instructions, Expected Profit on In-Force denominated in foreign currencies is translated at the prior quarter's balance sheet exchange rates, with the difference between those rates and the average rates used in the Statement of Income being included in Experience gains (losses). ² Expected Profit on In-Force increase (decrease) is on a constant currency basis. ³ Impact of New Business includes non-controlling interest amounts of \$34 million in 3Q17 and \$28 million in 3Q16.

31st consecutive quarter of positive net flows in our wealth and asset management businesses

Wealth & asset management net flows

(C\$ billions)

3Q17 wealth and asset management (WAM) net flows of \$4.0 billion:

- + Strong Asia net flows in retail, institutional and retirement
- + Favourable redemptions in Canadian retail

Wealth & asset management gross flows

(C\$ billions)

3Q17 WAM gross flows of \$27.5 billion, up 4% vs. 3Q16:

- + Money market fund sales in mainland China
- + Retirement flows in Hong Kong
- Retail and retirement sales in Canada
- Non-recurrence of record-sized retirement sale in the U.S.

Note: Order of the vertical bars on the chart correspond to the order in the legend with the exception of the 4Q16 Wealth & Asset Management Net Flows, which as the result of outflows in our U.S. business are stated in the following order: Canada, Asia and the U.S.

Insurance sales growth driven by Asia

Insurance sales

(C\$ millions)

3Q17 insurance sales of \$1,052 million, up 10% vs. 3Q16:

- + Strong growth in Singapore, mainland China and Vietnam
- + Small/medium case group benefits sales in Canada, partially offset by lower retail insurance sales due to pricing actions and strong prior year sales in advance of regulatory changes
- ± Higher large case life insurance sales in the U.S. offset by ceasing stand-alone retail LTC sales

Note: Order of the vertical bars on the chart correspond to the order in the legend.

New business value creation driven by strong sales and management actions in Asia

New business value (NBV)¹

(C\$ millions)

3Q17 new business value¹ of \$343 million, up 22% vs. 3Q16:

- + Strong volumes and management actions to improve margins in Asia
- Unfavourable product mix shift in Japan

Asia new business value margin¹ was 33.2% in 3Q17, up 2.1 percentage points from 3Q16:

- + Scale benefits
- + Actions to improve margins

¹ Excludes Wealth and Asset Management businesses, the Bank and P&C reinsurance business.
Note: Order of the vertical bars on the chart correspond to the order in the legend.

Over \$1 trillion in assets under management and administration

Core earnings change by division

Core earnings

(C\$ millions)

- **Asia Division** core earnings increased driven by strong new business volumes, continued growth of in-force business, partially offset by a small policyholder experience charge (compared to a prior year gain) and the strengthening of the Canadian dollar.
- **Canadian Division** core earnings increased reflecting a tax benefit as a result of the release of provisions for uncertain tax positions of prior years, higher fee income from higher AUMA in our WAM businesses and a number of more favourable smaller items.
- **U.S. Division** core earnings increased driven by improved WAM core earnings from higher AUMA, lower amortization of deferred acquisition costs in our VA business and favourable tax items, partially offset by the strengthening of the Canadian dollar.
- **Corporate & Other** core loss increased reflecting the \$240 million provision for hurricanes, partially offset by the inclusion of \$100 million of core investment gains (compared to \$17 million in 3Q16) and higher realized gains on AFS equities.
- **Expected macro hedging costs** declined due to market appreciation and actions taken over the last year.

Note: Core earnings changes for Asia Division and the U.S. Division are presented on a Canadian dollar basis. Beginning in 1Q17, earnings for Manulife Asset Management are no longer reported in the Corporate & Other segment and are reported in the respective divisions.

Core earnings change by business line

Core earnings

(C\$ millions)

- **Insurance** core earnings improved driven by inforce and new business growth in Asia and tax benefits from the release of provisions for uncertain tax positions from prior years.
- **Wealth and asset management** core earnings increased driven by higher fee income on higher asset levels and favourable expenses.
- **Other wealth** core earnings improved driven by favourable tax items in Canada and lower amortization of variable annuity deferred acquisition costs in the U.S.
- **Corporate & Other** core loss increased reflecting the \$240 million provision for hurricanes, partially offset by the inclusion of \$100 million of core investment gains (compared to \$17 million in 3Q16), lower macro hedge expected costs and higher realized gains on AFS equities.

Note to users – Performance and Non-GAAP Measures

We use a number of non-GAAP financial measures to measure overall performance and to assess each of our businesses. A financial measure is considered a non-GAAP measure if it is presented other than in accordance with generally accepted accounting principles used for the Company's audited financial statements. Non-GAAP measures referenced in this presentation include: Core Earnings (Loss); Core ROE; Diluted Core Earnings Per Common Share; Core Investment Gains; Constant Currency Basis (measures that are reported on a constant currency basis include percentage growth in Core Earnings in Asia Division, Sales, APE Sales, Gross Flows, New Business Value, New Business Value Margin and Assets under Management and Administration); Assets under Management; Assets under Management and Administration; Capital; Embedded Value; New Business Value; New Business Value Margin; Sales; APE Sales; Gross Flows; and Net Flows. Non-GAAP financial measures are not defined terms under GAAP and, therefore, are unlikely to be comparable to similar terms used by other issuers. Therefore, they should not be considered in isolation or as a substitute for any other financial information prepared in accordance with GAAP. For more information on non-GAAP financial measures, including those referred to above, see "Performance and Non-GAAP Measures" in our 3Q17 and 2016 Management's Discussion and Analysis.
